SOLS 24/7 FUNDRAISING ANNUAL REPORT

2022

1st Oct 2021-30th Sept 2022

Thank you

Hello from the SOLS 24/7 team!

Thank you SO MUCH for the support you have given us over this past year. From donations, to volunteering your time, it is people like you who keep our mission alive: to support and equip the B40 with skills needed to move them out of poverty and into middle-class outcomes.

In the next few pages you will see how your donation and time provided B40 families with rural electrification and/or access to training and opportunities for employment.

Our aim is to channel 100% of funding received for programmes that directly benefit the B40, and your contribution helps us get even closer to that goal.

We hope that with this update you will know exactly where your donations go and the impact that we have created together.

Teacher Raj Ridvan Singh
Chief Executive Officer

In 2022 we fundraised
MYR 1,499,831

Contributed to :

- **2,205** total classes conducted.
- **1,268** graduated from Skills Hub classes.

WHAT IS NEXT?

SOLS TVET Academy

To support young people to choose the right TVET, to thrive in TVET, choose the right job and increase their job retention rates, and prepare for progressing further in their career.

Meta Boost Meta Boost

To contribute to the digital transformation of micro and SMBs in Malaysia.

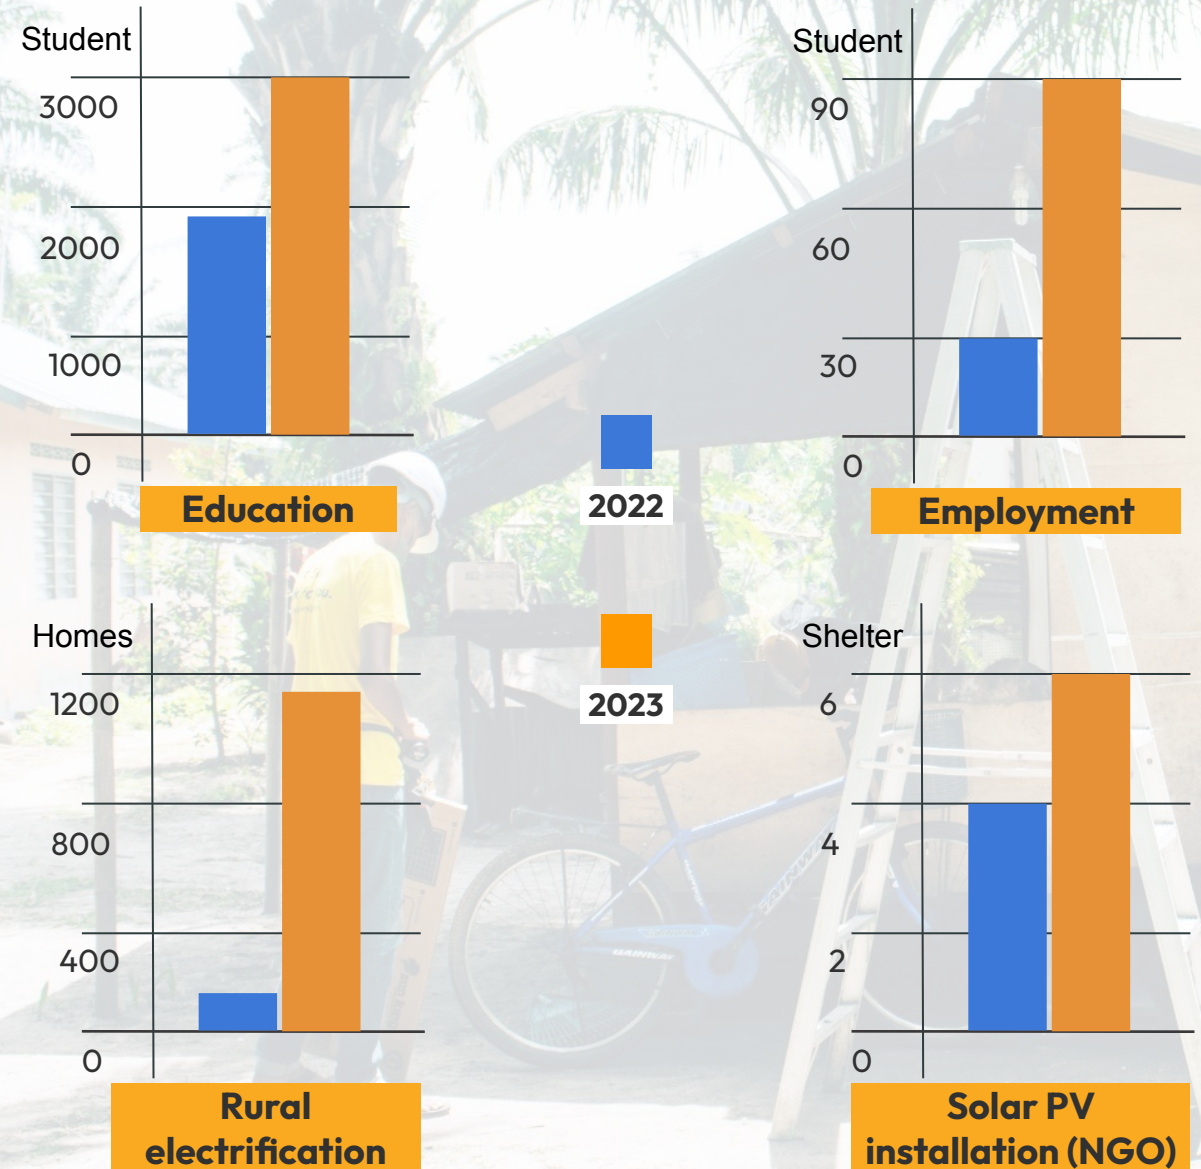

To train SMB participants from Johor, Penang, Sabah & Sarawak, Kelantan/Pahang in the Meta Boost modules during a 12 month training period with the aim to make them aware of the Meta Business tools, guide them on set up and execution, which will help them build customer relationships and reach new audiences on Facebook, Instagram and Whatsapp

EduNita - community center Orang Asli villages

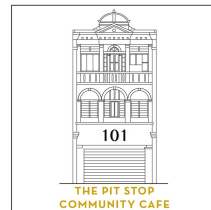

A pilot project where Orang Asli women will set up community centers in their own villages. Our EduNita's will be teaching school age children English, study skills and Digital Skills in the form of group tuition at the center as well as implement other financial sustainability opportunities.

What are the benefits of being our partner : [Partner with SOLS 24/7](#)

Teacher Danu
Managing Director

For thousands of years, people have been contributing to communities without expecting to be paid back. The reward that we get in return comes from community-wide improvement, truly a win-win for all.
